

RETAIL

Retail productions are audio, audiovisual or interactive productions for sale or rental to the general public, including:

- Films or games
- Online/mobile apps
- DVD, CD and vinyl products
- Covermount products

NOTES

- For retail download and streaming rates please refer to our [Online Production rates](#).
- Aggregation is permitted on all retail per 30 second rates.
- Looped and interactive use of music is charged at double the per 30 second rate across all retail rates
This allows unlimited looping of a single music cue in a production.
